

# MUBAREK JEMAL

WEB DEVELOPER · FRONTEND SPECIALIST · UI/UX DESIGNER

 [Portfolio](#) |  [Email](#) |  [LinkedIn](#) |  [GitHub](#) |  [Addis Ababa, Ethiopia](#)

**Summary** \_\_\_\_\_ Creative and detail-oriented Web Developer specializing in modern frontend development with expertise in React, Next.js, and responsive UI/UX design. Passionate about building visually appealing, accessible, and performance-optimized digital experiences. Proven experience leading development teams, delivering client projects, and designing complete web interfaces.

## Skills

**Backend (basic)** Node.js, MySQL

**Design** Figma, UI/UX Design

**Tools** Git, GitHub, Vercel

**Soft Skills** Leadership, Communication, Team Collaboration

**Frontend** HTML, CSS, JavaScript, TypeScript, React, Next.js, Tailwind CSS, Bootstrap

## Experience

Web Developer (Self-Employed / Freelance) Addis Ababa, Ethiopia 2023 – Present

- Designed and developed responsive, high-converting landing pages for international clients on Upwork — such as *Awesome Debt Landing Page* (View Site).
- Designed and led a team to develop and publish **EthioExamHub**, a mobile app helping Ethiopian students prepare for entrance exams — now available on Google Play.
- Built and deployed personal and tutoring websites: Portfolio and Math Expert Site.
- Designed a student management system and a database for NIYA Construction.

Frontend Developer (We Developer Team) Addis Ababa University 2024

- Collaborated on web-based productivity tools including *Distraction Logger for Students* — a study productivity tracker built with JavaScript.
- Focused on creating simple and efficient user interfaces with clean code and structure.

## Education

B.Sc. in Software Engineering Addis Ababa University 2023 – Present

## Projects

- EthioExamHub (Mobile App):** Led UI/UX and frontend development; app published on Play Store.
- Distraction Logger for Students (2024):** Built with HTML, CSS, and JS to help students track distractions.
- Student Management Design:** Conceptual UI for education management using Figma.
- Tutor Portfolio Website:** Designed and deployed Math Expert Site.
